COMPLIANCE

Security Equipment

Pursuant to OAC 3796:6-3-16, dispensaries shall keep all locks and security equipment in good working order. All security equipment must be inspected and tested at regular intervals, not to exceed thirty calendar days from the previous inspection and test to ensure the systems remain functional. A dispensary must maintain a log documenting such inspections and tests.

Dispensaries shall also ensure all video cameras are retaining at least six months of recording.

If you find any issues with your security equipment or video retention, take action immediately to resolve and remain in compliance.
